

MOUNT ASSINIBOINE

*From a painting by R. H. Palenske*

# *Trail Riders of the Canadian Rockies*

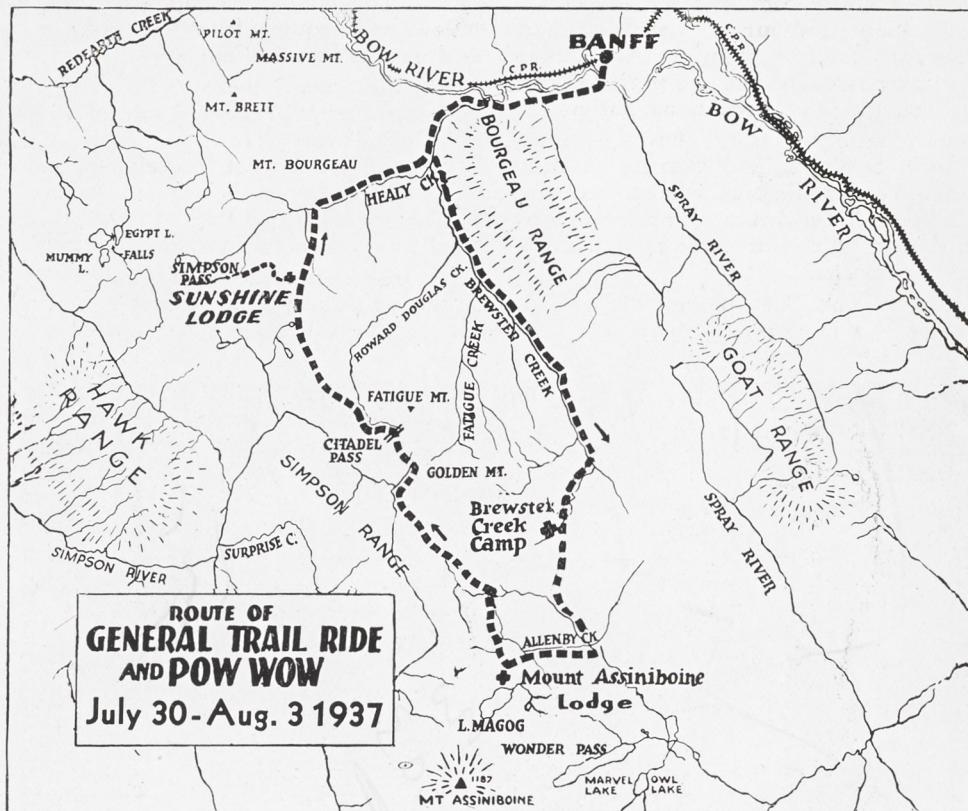

BULLETIN No. 47

## LAST CALL FOR MOUNT ASSINIBOINE

Trail Ride leaves Banff early on the morning of July 30th. Duffle must be ready for the packtrain on the previous afternoon and will be collected from the Banff Springs Hotel or Mount Royal Hotel at 5 p.m. Owing to the large number of reservations already made, it may be necessary to close the list on July 15th, so, if you plan to come, please send in your advice at once either to J. M. Gibbon, Room 324, Windsor Station, Montreal, or L. S. Crosby, c/o Brewster Transport Company, Banff, Alberta. Inclusive rate for Trail Ride—\$45.

Printed in Canada, June 1937.

## WHAT TO DO AT ASSINIBOINE

by Erling Strom

A young lady who wanted to see Assiniboine last summer, was horrified when she found that my regular round trip gave two full days at camp. She actually asked me what on earth there could be to do for two whole days, with much emphasis on the word "whole". There are times in this life when it is a pleasure to be rude, and this was one of them. I told her that there was plenty to do for intelligent people, and I put enough weight on "intelligent" to make her decide that she was not particularly interested in Assiniboine after all.

For the few of us who are fortunate in spending all and every summer in this glorious spot, and to whom the summer is always too short, although we stretch it from the end of June until the middle of October, it seems incredible that anyone should find trouble in filling two short days.

My difficulty would rather be to use them to best advantage, and I dare say that most of the Trailriders will feel the same way about their one day at Assiniboine this summer.

Out of a most confusing variety of climbs, rides, fishing trips and hikes, I will try to pick those on which I think the Trailriders should concentrate. Assuming that they will prefer to stay off the horse this one day, I suppose that our shorter hikes and more moderate climbs will be the most popular.

The trip over beautiful Wonder Pass and down towards Marvel, Terrapin and Gloria Lakes, to a point from which all three lakes can be seen, is well worth while. One of these lakes deep blue and the others turquoise green, and all three surrounded by towering peaks, they present one of the most astonishing sights in the Canadian Rockies. The round trip should take little over three hours.

To obtain another beautiful view there is the easy hike to the top of the nearest shoulder of Nub, from where one can see Magog, Gog, Sunburst, Cerulean and Wedgewood Lakes. Mount Assiniboine itself is exceptionally fine from this angle. The trip should take two and one half hours.

An even easier trip is to follow the lovely trail along Sunburst and Cerulean Lakes. This involves no climbing whatsoever, and takes less than two hours. The three trips mentioned so far can be made by horseback if that is preferred.

Should anyone like to combine a hike with some very moderate climbing, the view

Another easy climb, just a slight bit sportier, is that of the shoulder of Wedgewood. This is nearer camp but a good deal steeper, so it requires from four to five hours, as does the Wonder Peak trip.

For fishermen there is Marvel Lake itself, generally considered one of the best for Cut Throat Trout in the Canadian Rockies. By foot or horseback the trip takes two hours each way, so to make it an enjoyable fishing trip one should bring luncheon and spend most of the day.

Of real mountain climbs we have an unlimited variety. Wedgewood, Terrapin, Magog, Sturdy and the Towers all require

Aerial view of Mount Assiniboine    Photograph by Royal Canadian Air Force

from Wonder Peak right east of Wonder Pass is one of the finest we have, and well worth the effort. Marvel Lake lies more than three thousand feet below. The Assiniboine group including Gloria, Eon, Aye, Magog and Terrapin, forms a spectacular jumble of glacier dotted peaks. Hundreds of others loom into sight at ever increasing distances, and the Trailriders will recognize many an old friend along the Continental Divide.

the service of a guide, and so does the most satisfying of them all, Mount Assiniboine itself. It can hardly be expected, however, that any of the Trailriders will be quite that energetic. Should they be lazy instead, and want to do nothing at all, a good place to do that is on the front porch of my own camp, where tea will be served all afternoon. A most cordial invitation to this is herewith extended to all participants of the 1937 Trailride.

## CROSSING SIMPSON PASS VIA HEALY CREEK

*Described by Sir George Simpson in 1841*

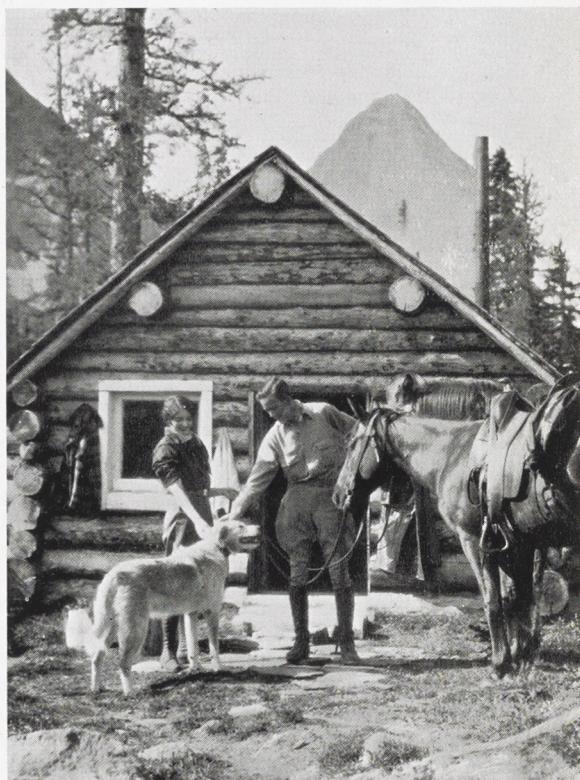

Next morning we began to ascend the mountains in right earnest, riding where we could and walking where the horses found the road too steep to carry us, while by our side there rushed downwards one of the sources of the Bow River. We were surrounded by peaks and crags, on whose summits lay perpetual snow; and the only sounds that disturbed the solitude, were the crackling of prostrate branches under the tread of our horses, and the roaring of the stream as it leapt down its rocky course. One peak presented a very peculiar feature in an opening of about eighty feet by fifty, which, at a distance, might have been taken for a spot of snow, but which, as we advanced nearer, assumed the appearance of the gateway of a giant's fortress.

About seven hours of hard work brought us to the height of land, the hinge, as it were, between the eastern and the western waters. We breakfasted on the level isthmus, which did not exceed fourteen paces in width, filling our kettles for this our lonely meal at once from the crystal sources of the Columbia and the Saskatchewan, while these welling feeders of two opposite oceans, murmuring over their beds of mossy stones as if to bid each other a long farewell, could hardly fail to attune our minds to the sublimity of the scene. But between these kindred fountains, the common progeny of the same snow-wreaths, there was this remarkable difference of temperature, that the source of the Columbia showed  $40^{\circ}$ , while that of the Saskatchewan raised the mercury to  $53\frac{1}{2}^{\circ}$ , the thermometer meanwhile standing as high as  $71^{\circ}$  in the shade.

From the vicinity of perpetual snow, we estimated the elevation of the height of land to be seven or eight thousand feet above the level of the sea, while the surrounding peaks appeared to rise nearly half of that attitude over our heads. Still this pass was inferior in grandeur to that of the Athabasca Portage. There the road, little better than a succession of glaciers, runs through a region of perpetual snow, where nothing that can be called a tree, presents itself to enliven

and cheer the eye. There, too, the relative position of the opposite waters is such as to have hardly a parallel on the earth's surface, for a small lake, appropriately enough known as the Committee's Punch-bowl, sends its tribute from one end to the Columbia and from the other to the McKenzie.

In addition to the physical magnificence of the scene, I here met an unexpected reminiscence of my own native hills in the shape of a plant, which appeared to me to be the very heather of the Highlands of Scotland; and I might well regard the reminiscence as unexpected, inasmuch as, in all my wanderings of more than twenty years, I had never found anything of the kind in North America. As I took a considerable degree of interest in the question of the supposed identity, I carried away two specimens, which, however, proved on a minute comparison, to differ from the genuine staple of the brown heaths of the "land o' cakes". We made also another discovery, about which there could be no

*The new Sunshine Lodge in winter. (The old Cabin is seen beyond)*

mistake, in a troublesome and venomous species of winged insects, which, in size and appearance, might have been taken for a cross between the bull-dog and the house-fly.

On resuming our march, we had not descended half a mile before we felt a difference in the climate, a change noticed by all travelers in these regions; and the trees were also of finer growth. Whatever may be the reason of the sudden alteration, the same clouds have been known to clothe the eastern side with hail and snow, and to refresh the western with gentle rain. With reference, however, to the state of the atmosphere, the temperature of the water is somewhat anomalous, for, after a lapse of two or three days, the stream which we followed was subsequently found to be still half a degree cooler than the source of the Bow River on the height of land. In the progress of our descent we took some interest in tracing, as it were, nature's manufacture of a river, as every rill that trickled down the rocks, with its thread of melting snow, contributed its mite to the main current of various names, the Kootenais, or the McGillivray, or the Flatbow. Even at our first encampment, after only next half-day's march, the flood had already gathered a breadth of fifty feet.

#### MEMORIAL TO TOM WILSON

The Memorial stone to Tom Wilson, the pioneer guide of the Canadian Rockies, which was erected in Yoho Valley by the Trail Riders in 1924, is being transferred to the cemetery at Banff, where his mortal remains now rest. On July 29th Trail Riders who are in Banff are asked to attend the unveiling of this memorial in its new position. The hour of the ceremony will be announced locally — probably in the afternoon.

On pages 7, 8 and 9 will be found photographs of the Kananaskis Dude Ranche at Seebe, Alberta. Claude Brewster, one of our outfitters, who runs the horses at this ranche, advises that, in addition to quoting a special rate of \$5 a day to Trail Riders who wish to harden up for a few days before going on the Trail Ride to Mount Assiniboine, he is organizing a supplementary ride of twenty-two days to start a few days after we return from Mount Assiniboine. This will go north to the Columbia Ice Fields, Nigel Pass, Saskatchewan River and the Kootenay Plains Country. Those who are interested should write for further information to Claude Brewster at Kananaskis Dude Ranch, Seebe, Alberta.

## BANFF-ASSINIBOINE PLACE NAMES

by Dan McCowan

The pleasure of a trail riding holiday in the Canadian Rockies is greatly increased when one has knowledge of the meaning of names on a map of the locality. Following the route chosen for this year's Trail Ride, the writer proffers some information concerning certain prominent landmarks which may be seen by the way.

It is doubtful if Sundance Canyon ever witnessed former midsummer rituals and rites of the Stoney Indians. I am of the opinion that Charles Gordon (Ralph Connor), formerly a minister in Banff, was largely responsible for the pleasing name given to this small glen near the trail of Assiniboine. To the west of Sundance is Bourgeau Mountain (9517), named by Hector in honour of the French botanist of that name who accompanied the Palliser expedition as far as the present day site of Banff in the year 1858. The out-trails skirts the northern end of Bourgeau Range and ascends a long valley drained by Brewster Creek, a clear impetuous stream named for Jim or Bill or Pat or any member of the Southern Band of Brewsters. I like to think of it as honouring all the men, women and children of this trail riding Clan at Banff and Seebe and Jasper. One of the main tributaries of Brewster creek is a brook named for Howard Douglas, a former Superintendent of Banff National Park. High on the right is Fatigue Mountain (9667) in all probability recalling a long and tiresome ascent by a weary surveyor. At the head of the valley stands Mount Allenby (9500), a monument to a modern Crusader who fought in the Holy Land during the Great War. Swinging to the right the trail runs through Og Pass and by the shore of Og Lake, named for one of a trio of legendary giants of medieval England, known as Og, Gog and Magog.

Emerging from this pass first sight is had of the splendid spear head of Mount Assiniboine (11870), named by Dawson for the Indian Tribe native to the region,—“The People who cook with Hot Stones.” At the base of the mountain is a fine lake, for long known as Assiniboine Lake but since named Magog. Mount Magog (10050) forms a buttress to the north west shoulder of Assiniboine. By the eastern shoulder stands Mount Terrapin (9600) in form resembling

a great tortoise. The Towers (9337) guard the northern entrance to Wonder Pass, a scenic skyway giving access to a deep valley in which three lakes lie sparkling in the sunshine. Of these, Marvel is the Mecca of trout fishermen. Terrapin is the small middle lake, Gloria the upper. At the head of this wooded valley are the great grey crags of age-old mountains well named Eon (10960) and Aye (10640).

Within a short distance of Assiniboine Camp are the pretty lakes called Sunburst and Cerulean, little mountain tarns fringed about with larch tress and often affording peaceful haven to flocks of migrant waterfowl.

Leaving this enchanted plateau and turning homewards again the inbound trail leads northwards to the Valley of the Rocks. Here, once upon a time, a whole large mountain with crags, towers, bastions, buttresses and everything fell into the valley with a dull thud and cluttered the landscape with a considerable number of large angular blocks of stone. Through this maze of limestone the trail sometimes zigs and sometime zags, finally leading out to Golden Valley where, in autumn the larches are glorious in their yellow robes. The range of mountains on the west side of this valley is known as Simpson Range, for Sir George Simpson a former Governor of the Hudson's Bay Company. (See page 4).

Citadel Peak almost closes the north end of Golden Valley but exit is had by a more or less upright Pass, also named Citadel. From the head of the Pass a splendid view is had to the nor'west,—miles of rolling grassy moorland stretching towards the setting sun,—glorious trail riding country. On the right of this Cloudland trail is Quartz Hill, to the left Larix (Larch) Lake and Rock Isle Lake. Presently there comes a rapid descent into Sunshine Valley and to Sunshine Camp. In late winter and early spring months this is the land of hearts desire for people who delight in long down-hill sliding on skis. It is a sunshiny place at all seasons of the year.

Down through the pines to Healy Creek, named for an old time prospector, along the north base of Mount Bourgeau the path winds in and out. Look ahead,—Sawback, Edith, Norquay and Cascade. Listen;—the sound of an engine whistle. Crossing a bridge over Sundance Creek we come to journeys end.

### LITTLE OLD PONY

Tune - "Little Old Lady"

Little old pony trotting by  
With a tease in your eye,  
You have such a charming rider, sweet  
and shy.  
Little old Stetson set in place  
And a smile on her face,  
What more perfect picture could an artist  
ever trace?

Little bit of Indian here,  
Little bit of Indian there;  
Bet that some old Stoney Chief has shown  
her what to wear!  
Little old pony tell me true  
What do I have to do  
So that for a little old while I ride along  
with you?

### NEVER ON A MILLION TRAILS

Tune - "Never in a Million Years"

Never on a million trails  
Is there a cayuse like you.  
I could tell a million tales  
Of things that you can do.  
Never in a million miles  
Could you let yourself be passed,  
And never with your million wiles  
Did ever you come last.  
There would be no ride for me  
If your career should close;  
All I ever want to see  
Ends with the tip of your nose.  
For never once upon the mountains  
Could I say your spirit fails;  
Is there any finer pony,  
And one at all?  
No, never on a million trails.

### AS THEY WERE COOKED TONIGHT

Tune - "The Way You Looked Tonight"

Some day, when the larder's low,  
When the supper's cold,  
I will feel a glow  
Just thinking of you  
And the beans you cooked tonight.  
Oh! they were lovely  
Served so piping hot,  
Sure they touched the spot —  
There was nothing for us but to love you  
And the beans you cooked tonight!  
With each plate my appetite grows  
Right from the very start,  
And that smell that wrinkles my nose

Tells of your wondrous art —  
Lovely, never, never change,  
Keep them as they are  
Won't you please arrange it  
'Cause I love them  
Just as they were cooked tonight —  
Mm... Mm...  
Just as they were cooked tonight!

### ARTIST AND TRAIL RIDER

There have been books about the Canadian Rockies illustrated (and admirably) with photographs, but so far as we know "Colour in the Canadian Rockies" by W. J. Phillips and Frederick Niven (Thomas Nelson & Sons - \$3.) is the first to show the beauty and majesty of this Alpine terrain with reproductions of paintings by an artist of the first rank. The publishers, moreover, have been wise to select an equally accomplished writer for the text, with the result that this volume should rank as a classic.

It was trail riding that lured Frederick Niven from his bungalow on the shores of Kootenay Lake, near Nelson, and he pays handsome tribute to our Order, devoting a chapter to our trail maps.

"There is something of ecstasy at times about trail-riding. Travelling on the trails there comes to me an emotion somehow kin with what I feel when listening to the drums and rhythms of Indian dances. Something in me remembers, something in the corpuscles of my blood remembers, remembers days of old, days long before my own days. I share something that has moved people through long ages."

Here are some samples of his happy phrases "Assiniboine up into the sky from its burden of glaciers... Cathedral Crags tear a passing cloud and make a pennant of a shred of it... Takakkaw spills out of the font stone below Daly Glacier, and a wind down the Valley sends its spray waving side-long like a blown curtain at an open window."

There are sixty-four illustrations of Walter Phillips' art, of which no less than thirty-two are in full colour. The scenes depicted range through the whole gamut of light from early dawn to the rising of the moon. They cover a large territory with special emphasis on Lake Louise, Banff, Moraine Lake, Lake O'Hara, Emerald Lake and the Yoho Valley — their waterfalls, lakes, peaks, glaciers and Alpine flora.
